

NSFT Green Light Champion Agreement

NSFT are committed to the implementation of the Green Light strategy. To make this happen across the organisation it is vital that each team within NSFT has a Green Light champion.

It is necessary that all champions are supported by their line manager and their Care Group. This is both in terms of time, but also the implementation of the Green Light standards.

It is expected that the Green Light Champion will have a minimum of 5% of their work time protected to carry out this role.

PART A – To be completed by new Green Light Champion

Name	
Job Title	
Team & Locality	

I would like to become a Green Light Champion because....
